ENGLISH

Let's be Conscious on Saving Water

(水について考えてみましょう)

This **June 1 to 7** is "Water Conservation Week."

The season when water consumption is said to increase is fast approaching. Whenever we turn on the tap, water flows. *But let us remember that it is a precious and limited resource. Let us make an effort to conserve water.*

- Let us use water with care. There are ways we can conserve water at home.
 - Avoid turning the tap on full blast when using.
 - When brushing teeth or washing the face at the sink, make sure not to leave the water running.
 - Re-use bathwater for laundry, cleaning, or watering plants.
 - Before washing dishes in the kitchen, wipe off any dirt first and make use of a washbasin.
- ※ If you suspect a water leak, contact a City-approved contractor for inspection and repairs. You may be given a reduction in your water bill.
